Newsletter of Chapter 84 of the Experimental Aircraft Association at Harvey Field in Snohomish, WA

July, 2006

From the President's Corner

We're halfway through the summer and the events we as a chapter participate in. Our Flyin on June 17th was somewhat lightly attended, but our hosting of the "Actual Airplane Building" Workshop during the NWEAA Flyin at Arlington last week was a roaring success as a very large number of visitors were in attendance during the 4 days of the event. Jim Davison, Tom Williams, Jack Durringer, Ken Reyburn, and Tom Mahon had a lot of fun building on their projects and talking with the crowd each day. Chum Shoemaker, Rand Martin, Monroe Norman, Art Tuck, and Nick Gentry acted as guides and helpful assistants whenever the crowd became too large for the builders to handle. Ed Martin, Rand's Dad, was a welcome addition to our "Staff", as well. He entertained many with stories of flying and airplanes related to his long and distinguished career in aviation. Nick Gentry reported that 3 new members signed up and several Chapter 84 shirts and hats were sold.

The Summer Event we are all looking forward to is our Annual Summer Picnic. Jim Davison has once again volunteered to host the event at his beautiful home in Snohomish on Saturday, August 19th, from 12:00 Noon to 3:00 PM. This is a family event, so bring your family and friends. Please let Rand Martin, Tom Mahon, Chum Shoemaker, or Nick Gentry know if you are planning to attend and how many guests you are bringing so the menu can be appropriately planned. Contact numbers for these officers are listed on the last page of every newsletter. The information for the Picnic is :

EAA Chapter 84 Minutes

There was no meeting in June, so there are no minutes to report.

Annual Fly-In

The Fly-In was held on Saturday, June 17th at Harvey Field under mostly cloudy skies. The visibility was good enough to bring out some airplanes, though. Dan Thomas, Jack Durringer, and Monroe Norman all flew in for the event and joined approximately 10 others who drove in for good food, good talk, and good times. Even though a lot of members opted to skip this event, those who participated report that it was fun and should be continued. Maybe next year more folks will show up.

Our Annual Chapter Board Meeting is coming up. At this meeting the Chapter Board sets the goals for the Chapter for the next year. We need your input. Here is a form to fill out and bring to the Annual Summer Picnic or to the next meeting. Tell us what sorts of meeting programs you want, who you want to hear from regarding airplanes and building airplanes, and how you want the Chapter to be run. Do you want more flying activities, more social events, less of what we are doing, or more? Let us know so we can fine tune the organization.
